

## **Instructions for Tuning into Lilavisión Video Broadcast**

The Lilavisión Video Broadcast Channel is ready to begin. In order to receive this broadcast, you must have your TV tuned to the right channel. Below are instructions on how to do this.

### **If you have a VCR hooked up to your TV**

*\* Make sure TV and VCR are on. Press power button on each to turn on if needed.*

1. Change TV: Using TV remote, press **Input**
2. Move to **AV** using the **Left** or **Right** arrows for older TV's, **Up** or **Down** arrows for newer TV's.
3. Press **Enter**.
4. Change VCR: If VCR is on DVD mode, press **TV/VCR**
5. Using the + - Channel arrows on VCR, change Channel down to **L2**
6. Broadcast will appear on screen

### **If you just have a TV**

*\* Make sure TV is on. Press power button to turn on if needed.*

1. Change TV: Using TV remote, press **Input**
2. Move to **AV** using the **Left** or **Right** arrows for older TV's, **Up** or **Down** arrows for newer TV's.
3. Press **Enter**.
4. Broadcast will appear on screen.
