

ENROLLMENT OF OUT OF STATE STUDENTS

I. PURPOSE

The school district desires to open its enrollment to students from neighboring states.

II. GENERAL STATEMENT OF POLICY

Applications for enrollment under this policy will be approved on an annual basis provided that acceptance of the application will not exceed the capacity of a program, class, grade level, or school building.

When a lottery is in effect out of state applicants will follow the same lottery policy as all other applicants.

III. TUITION

The tuition for out of state students will be the sum of the state per pupil general education aid (formula allowance), transportation allowance and lease aid funding for that year multiplied by the current weighted formula factor for that grade.

Out of state employees of the school wishing to enroll their child at Lakes International Language Academy shall pay 25% of the above stated tuition.
