Please describe your experience or skills working with youth, youth issues, and parenting:

I am a parent, just like everyone else, who wants to do my best job to provide a positive, energetic and healthy environment for my family and friends.

Community Involvement:

I am the Recreational Director for the past 5 years of a program called “Little Kickers” under the Forest Lake Soccer Association. I am responsible for 220 kids each year, between the ages of 4-8 years old, to play soccer for 8 weeks during the summer in a structured and fun environment.

School Involvement:

I have been a volunteer since the inception of LILA as a transportation specialist (moving purchased school furniture from point A to B), handyman (installing white boards and any other type of material to a cement wall) and a school board member.

What are the primary strengths, skills, or expertise you would bring to your position on the Lakes International School Board?:

I bring 2 years of experience as a school board member and Treasurer. My strengths are in financial and budget management. My career in healthcare as a revenue cycle manager gives me responsibility to produce valid, tangible and logical information to assist an organization and associated leadership in maximizing service reimbursement, reducing costs, and enhancing customer service.

Please describe why you are interested in serving as a School Board member:

To continue my service as an engaged LILA parent and be a part of LILA’s leadership community. My contributions will help our charter schools overcome the obstacles we will face over the next few years.
